I am humbled by the honor
of having been the first representative
by the People of Wyoming chosen to
serve with the Senate of the Nation
Pre-Washington Farewell Address.

In a time when the American
people have sent us to the place
with a mandate for a smaller
government more responsive to the
needs of its citizens - the aim in
this speech remained one of chief and
principal that lead us then, the path of democracy.

Craig Thomas
Senator
Wyoming
22 Feb 1975
