

SENATORS OF THE UNITED STATES

1789–present

A chronological list of senators since the First Congress in 1789

This list reflects the order in which United States senators began their service. This is different from seniority lists, which are maintained by the party caucuses (for the purposes of committee assignments) and by the Senate Committee on Rules and Administration (for the purpose of office space assignment). Members who began service on the same day are listed alphabetically. Up-to-date biographical information for all senators is available at <https://bioguide.congress.gov/>. A key to party abbreviations is at the end of the list.

⁵ Smith was elected to a full Senate term on Nov. 2, 1926. Charges of “fraud and corruption” in his campaign were made throughout the spring and summer of 1926, but he won election handily. When his predecessor (William B. McKinley) died in early December 1926, Smith was appointed to fill the vacancy in the term ending March 3, 1927; he presented credentials as a Senator-designate but was not permitted to qualify. He then presented credentials as a Senator-elect to the United States Senate for the term beginning March 4, 1927, but again was not permitted to qualify and subsequently tendered his resignation on February 9, 1928, after the Senate voted that Smith was not entitled to his seat.

⁶ Vare presented his credentials as a senator-elect at the convening on Congress on Dec. 5, 1927, but his opponents moved to block his seating, and his case was referred to the Committee on Privileges and Elections; meanwhile, Vare was not permitted to qualify. On Dec. 6, 1929, the Senate voted to deny Senator-elect Vare a seat in the Senate.
