

United States Senate

March 30, 2023

The Honorable Patty Murray
Chair
Committee on Appropriations
United States Senate
Washington, DC 20510

The Honorable Susan Collins
Vice Chair
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chair and Vice Chair:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2024 Energy and Water Development Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

A handwritten signature in blue ink, reading "Dianne Feinstein".

Dianne Feinstein
United States Senator

**Feinstein, Dianne(D-CA) Energy and Water Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Army Corps of Engineers (Civil)	Funds would be used to upgrade the treatment and filtration capabilities at the Copper Cove Wastewater Treatment Facility.	Calaveras County CA	\$11,200
Bureau of Reclamation	Funds would be used to eradicate invasive plants from the San Joaquin River and tributaries for multiple benefits including flood safety, water conservation, and wildlife habitat restoration.	Chico CA	\$2,000
San Diego Community Power	Funds would be used for the installation of EV charging stations and backup battery storage at nine fire stations.	Chula Vista CA	\$650
Bureau of Reclamation	Funds would be used to help enable the continued resiliency of an area threatened by severe climate change that affects the local water supply.	Colusa County CA	\$2,856
Army Corps of Engineers (Civil)	Funds would be used for the construction of the sanitary sewer collection system as part of the Groundwater Protection Program.	Desert Hot Springs CA	\$5,400
Bureau of Reclamation	Funds would be used to supplement the network of river flow-monitoring stations and provide data in the upper reaches of the watershed where data are nonexistent or limited.	El Dorado County CA	\$2,500
Army Corps of Engineers (Civil)	Funds would be used for the Regional Water Supply Project which will allow for reoperation of the Redbank and Fancher Creeks Reservoirs including Big Dry Creek Reservoir.	Fresno County CA	\$2,000
Bureau of Reclamation	Funds would be used for efforts to reactivate historic floodplains in the Sacramento River Basin.	Glenn, Colusa, Sutter, Yolo, and Sacramento Counties CA	\$5,000
Bureau of Reclamation	Funds would be used for the Sacramento Valley Pacific Flyway Habitat Program to enhance habitat for birds utilizing the Pacific Flyway and other terrestrial species.	Glenn, Colusa, and Sutter Counties CA	\$2,200
Bureau of Reclamation	Funds would be used for the purchase of storage tank materials.	Hilmar CA	\$3,200
Army Corps of Engineers (Civil)	Funds would be used to install 7,400 linear feet of Concrete Slope Protection along the north and south banks of the Whitewater River Stormwater Channel.	Indian Wells CA	\$3,000
Army Corps of Engineers (Civil)	Funds would be used for the design and eventual construction of a new water reservoir to improve water supply reliability, stabilize water pressure to the Inglewood water distribution system, and strengthen water services.	Inglewood CA	\$1,000
Army Corps of Engineers (Civil)	Funds would be used for construction costs for the Etiwanda Pipeline Project.	Jurupa Valley CA	\$3,000
Army Corps of Engineers (Civil)	Funds would be used for the Phosphorus Reduction Program to install a Hypolimnetic Oxygenation System.	Lake Elsinore CA	\$3,600
Bureau of Reclamation	Funds would be used for the planning and design study of conveyance restoration.	Lindsay CA	\$5,000
Bureau of Reclamation	Funds would be used for construction costs relating to the Friant Kern Canal.	Lindsay CA	\$5,000
County Sanitation District No. 2 of Los Angeles County	Funds would be used for materials and equipment to allow waste-derived biomethane to be injected into the natural gas pipeline system.	Los Angeles County CA	\$2,500

South Coast Air Quality Management District	Funds would be used for a plug-in hybrid tugboat and to install an innovative vessel charging system with batteries and hydrogen fuel cell power generation to supply zero emission power.	Los Angeles, San Bernardino, Riverside, and Orange Counties CA	\$500
Bureau of Reclamation	Funds would be used for a new water storage project to benefit farmlands, wildlife refuges, and communities.	Los Banos CA	\$3,000
Army Corps of Engineers (Civil)	Funds would be used for design activities for the Hamilton Wetlands Restoration Project.	Marin County CA	\$1,800
Bureau of Reclamation	Funds would be used to contract for the electrical equipment and labor necessary to reconductor more than 10 miles of 12KV line.	Marin County CA	\$1,500
Central Contra Costa Sanitary District	Funds would be used for construction costs to transition the UV system to increase energy efficiency and address infrastructure & regulatory issues.	Martinez CA	\$4,000
City of Milpitas	Funds would be used to install a combined solar-microgrid-battery system.	Milpitas CA	\$3,100
California State University, Northridge	Funds would be used to install highly efficient SunPower Performance 3 UPP panels to replace current solar PV panels.	Northridge CA	\$2,637
East Bay Community Energy	Funds would be used to electrify kitchens in low income households or where one or more residents suffers from asthma or with children suffering from pulmonary diseases.	Oakland CA	\$1,500
Army Corps of Engineers (Civil)	Funds would be used for design and construction costs of a 1/2 mile of recycled water pipeline.	Oakland and Alameda CA	\$2,525
Army Corps of Engineers (Civil)	Funds would be used for geotechnical investigations, new hydrology and hydraulic analysis, additional environmental studies, identification of levee voids, and design for levee repairs.	Oceanside CA	\$3,000
Army Corps of Engineers (Civil)	Funds would be used for annual maintenance dredging at the entrance to both Oceanside Harbor and U.S. Marine Corps Base Camp Pendleton Harbor to ensure safe vessel transit.	Oceanside CA	\$3,302
Army Corps of Engineers (Civil)	Funds would be used for a feasibility study to assess the rehabilitation and reconstruction work required to recertify the levee.	Oxnard CA	\$200
Army Corps of Engineers (Civil)	Funds would be used for the preliminary planning of a Water Treatment Facility.	Paramount CA	\$1,500
Bureau of Reclamation	Funds would be used to support the Klamath Project in providing an adequate source of instream water.	Paramount CA	\$10,000
Army Corps of Engineers (Civil)	Funds would be used for construction of a Brackish Transmission Pipeline.	Perris CA	\$5,000
Army Corps of Engineers (Civil)	Funds would be used to carry out annual maintenance dredging at the Port of Redwood City.	Redwood City CA	\$6,744
Western Municipal Water District	Funds would be used to build energy resiliency and support the region's water needs.	Riverside CA	\$3,500
Army Corps of Engineers (Civil)	Funds would be used to assist in planning for and constructing critical infrastructure needed to achieve the goals and objectives of the Water Bank.	Sacramento, Placer, and El Dorado Counties, CA	\$5,000
Army Corps of Engineers (Civil)	Funds would be used to restore habitats for state and federally threatened/endangered species.	Sacramento-San Joaquin Delta CA	\$1,000
Army Corps of Engineers (Civil)	Funds would be used to restudy the San Diego River System flood conveyance capacity.	San Diego CA	\$1,000

City of San Diego	Funds would be used for construction to install a microgrid.	San Diego CA	\$600
Bureau of Reclamation	Funds would be used to continue cleanup activities.	San Gabriel Valley, Los Angeles County CA	\$5,000
Army Corps of Engineers (Civil)	Funds would be used for a feasibility analysis for the Salinas Dam.	San Luis Obispo County CA	\$1,500
Army Corps of Engineers (Civil)	Funds would be used to support emergency repairs.	Santa Cruz CA	\$194,000
Bureau of Reclamation	Funds would be used to improve a wastewater pipeline in Santa Rosa.	Santa Rosa CA	\$2,500
Bureau of Reclamation	Funds would be used to replace wastewater infrastructure serving 150 low-income households.	Smith River CA	\$7,500
Food Share	Funds would be used to install photovoltaic array and back-up power supply to ensure continued operations during times of disaster and mitigate power demands.	Ventura County CA	\$1,000
Bureau of Reclamation	Funds would be used for construction materials to rehabilitate an aged drinking water reservoir.	Ventura County CA	\$2,300
Army Corps of Engineers (Civil)	Funds would be used for construction to replace the 60-year-old water delivery system in the town of Madison.	Yolo County CA	\$6,000
Army Corps of Engineers (Civil)	Funds would be used for a feasibility study for flood damage reduction and aquatic ecosystem restoration project.	Yolo County CA	\$1,500
Army Corps of Engineers (Civil)	Funds would be used for a study to determine the feasibility of constructing flood damage reduction projects in Yuba County.	Yuba County CA	\$1,500
